 **EUROPA**  
KITCHENS FOR PRIVATE DEVELOPMENT

TEAM WORKING  
OUR WAY OF THINKING

With the power of JTC behind our Europa Kitchen ranges we have proven that we can meet the most exacting deadlines, manufacture the finest kitchens and exceed your highest expectations.

Our team approach to individual customers means that we have the authority to offer market leading flexibility throughout the procurement process; from product selection through design to the final satisfied house buyer.

We take pride in our experience in delivering the best in design service to take you from the initial brief to the finale while engineering maximum value into any layout. You are not alone because our team will support you with visualisations, samples and trial kitchens.

The complete house builder package also offers cost savings with coordinated bathroom furniture, new shower panels and wardrobe ranges so you need only one company to finalise the complete fitted furniture solution.

The Europa Team is working hard to bring success to JTC Furniture Group and with the full support of a massive local manufacturing capability our experience in the market is second to none and we proudly stand behind all our products and our service.

# CABINET SELECTION

## COLOUR COORDINATED KITCHENS

We offer a range of kitchen wall cabinet interiors which are coordinated with selected door decors which means that there is a rich, luxurious feel to these kitchen designs with no need for clad on panels. Base cabinets are all finished in Porcelain White which is easy to clean and neutral in its tone. All doors and drawers feature soft-closing mechanisms.

Material: 18mm Melamine Faced Chipboard

# HANDLES & APPLIANCES

## HANDLE RANGE THE FINISHING TOUCHES

We offer a wide range of kitchen appliances which can be built into our kitchen designs. We work closely with most respected brands and can therefore offer a turnkey installation service where appropriate.

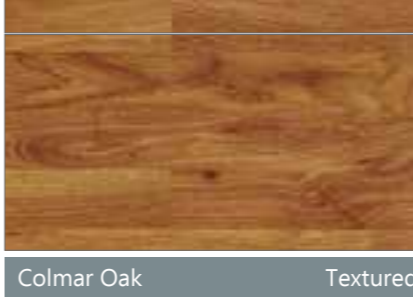

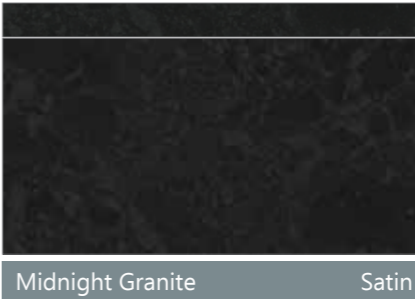

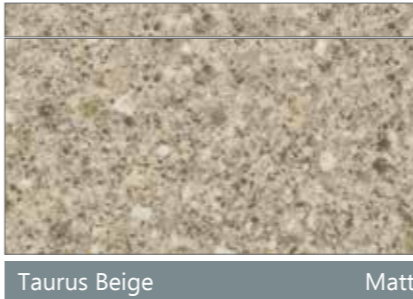

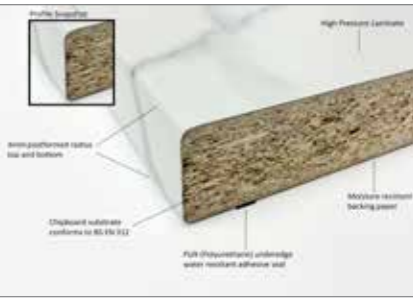

# ORIGINAL SELECTION

HIGH PRESSURE LAMINATE POSTFORMED WORKSURFACES

This large horizontal surface is a vital part of any kitchen design and we have selected a range of 38mm postformed worktops. These are coordinated with our door ranges and feature laminate surfaces from top European manufacturers for the highest quality worksurfaces with reliable, long lasting performance. Complement the worksurface with a matching splashback or low level upstand for a complete kitchen installation with no need for tiling.

Dimensions  
 Worktops 3600mm x 600mm  
 Breakfast Bars 3000mm x 900mm

# WORKSURFACES SPLASHBACKS & UPSTANDS

All designs are available in matching upstands and splashbacks.

# WORKSURFACES

## SPLASHBACKS & UPSTANDS

Manufactured with a 3mm edge postformed radius, these laminate worktops provide all the benefits of a full laminate wrap around but with the added benefit of a modern edge appearance simulating a square edge effect.

All designs are available in matching upstands and splashbacks.

# ACCESSORIES

## THE FINISHING DETAILS

Making life that little bit easier for you & your kitchen even more special, we have chosen a variety of optional extras, including integrated storage solutions & lighting options. Incorporating additions within your kitchen design ultimately determines style and sophistication.

					
Tall Larder 300/400/500mm	Full Corners	Half Corners	Pyramid Light	Recessed Downlight	LED Light (5 Pack)
					
Pull Out Storage Towel Rails 150mm	Pull Out Storage Oils & Spices 150mm	Pull Out Storage 500/600/800/1000mm	Cutlery Insert 500/600/800/1000mm	Wine Rack 300mm	
					
Drawer Mats Non-Slip 1500mm	Camar Leg	Vertical Powerdock	30 Litre Pull-Out Waste Bin Triple Bin Configuration (3x10l)	36 Litre Pull-Out Tandem Waste Bin 2 x 18 Litres	
	A Clear Plinth Seal comes in 3050mm lengths and is designed to fully protect and seal bottom of the plinth against water damage. Highly recommended to use when installation or renovating kitchens. Suitable to fit plinth panels from 18 - 19mm thick, transparent plastic.				
Clear Plinth Seal					
	A Tile Saver Trim is a cost effective trim which is installed above the unit prior to tiling. The worktop slides into the trim which forms a barrier to prevent any damage to the tile in the event that the worktop needs to be removed.				
Tile Saver Trim					
	A Wall Cabinet Hanging Rail is designed to make the mounting of wall cabinets fast and easy. The rail in conjunction with adjustable cabinet brackets means that there will always be a fixing over a stud for a totally secure fixing.				
Wall Cabinet Hanging Rail					
	An aluminium tray fitted to the sink unit, lipped on all 3 internal edges and over the front of the base of the unit. Designed to prevent any water ingress into the unit in the event that there is a leak from the waste pipe.				
Cabinet Sink Liner					
	Self-Adhesive Hot Rods are designed to keep hot pots and pans off worksurfaces allowing the direct transfer from the hob or oven of a hot pot or pan to the worksurface without causing heat damage to the laminate.				
Hot Rod Worktop Savers					

## A DESIGN LED APPROACH SHARING OUR EXPERT KNOWLEDGE

Our free design service offers maximum value for money to all our Private Development partners.

Our designers will work closely with you to help turn your design brief into reality; guiding you through each stage of the design process with knowledge, understanding and flair.

Whether you are working from an existing layout or have a blank canvas, our team will offer suggestions on space planning, colour palates and features to ensure your designs are as effective as possible and within budget.

## PROJECT MANAGEMENT WORKING HAND IN HAND FOR YOUR BUSINESS

Our project managers will work closely with your sales team and site managers to ensure that we offer the highest quality service, sales information and sampling to make sure your development proceeds as smoothly as possible.

Together with the designers and production planners, the project management team make certain the required delivery sequence is managed correctly and in accordance with the site manager's plan.
